## Assure Confidence in the High Standards of Your Operations

Organizations are met with a variety of operational and business challenges. External forces such as competitors and regulatory bodies add a secondary level of pressures that must be anticipated. Assurance services from ABS Quality Evaluations (ABS QE) provide your customers and stakeholders confidence in the high standards of your operations. We have developed a variety of solutions to not only meet these needs but establish more efficient and profitable ways of working.

Using our 30 years of experience, we partner with clients to deliver intelligent insights into their current business functions and processes while using management systems to simultaneously strategize for the future.

# ASSURE CONFIDENCE IN THE HIGH STANDARDS OF YOUR OPERATIONS

## Globally Accredited Quality and Risk Experts

Assurance services are independent third-party assessments of your business activities, demonstrating that they are performed to specified levels or standards. Audits and assessments conducted by ABS QE demonstrate that:

- Best practice systems are in place to manage quality, risk, safety and sustainability
- Efficient use of resources means your business or suppliers are reducing costs wherever possible
- Your procedures allow for growth, for you and your supply chain, as part of a long-term business strategy

## Where We Operate

## Accredited, Reliable, Trusted

ABS QE is an accredited certification body that is a signatory to the IAF Multilateral Recognition Arrangement. Delivering consistently reliable and impartial services, ABS QE can help your organization meet the appropriate, internationally recognized standards, providing the confidence you need to demonstrate their commitment to safety, quality assurance and care.
