MARITIME FLEET MANAGEMENT SOFTWARE

NS CREW AND PAYROLL MANAGER

The ABS Nautical Systems® (NS) Crew and Payroll Manager supports a comprehensive workforce management process for scheduling and compensation of crew, plus training and qualifications tracking.

POWERFUL | SIMPLE | RELIABLE

COMPREHENSIVE WORKFORCE MANAGEMENT

NS Crew and Payroll Manager enables crew scheduling with qualifications management, sign-on and sign-off, tracking of inspections, meetings and drill attendance, rest/work hour logging and compensation.

NS CREW AND PAYROLL MANAGER CAPABILITIES

One-Click Access to Critical Information

- Intuitive dashboards provide simple and efficient access to all the information needed to manage a safe and qualified crew
- Interactive drag-and-drop crew scheduler allows easy assignment of qualified crew with a single click

Seafarer Management

- Supports management and tracking of licenses, endorsements, visas, certifications and training
- A complete employment history with performance review capabilities fosters successful and productive career management practices to increase retention

- Supports work order completions, checklist-based inspections, on-board meetings and drills, audits, sign-on and sign-off of crew and document delivery
- Master's General Account transaction management and reconciliation

International Payroll Management

- Fully compliant global gross-to-net payroll system developed specifically for the challenges of maritime industry pay
- Easily adapts to international payroll requirements, such as earnings and deductions, union contributions, tax deductions, provident fund contributions and slops/bonded stores

NS Software Integration

- Integration with the NS HSQE and Vetting Manager merges crew and safety management into a seamless process that leads to a reduction in lost-time injuries

Third-Party Software Integration

- Integrates with financial and accounting systems, enterprise HR and ERP systems, payroll tax payments and reporting and union contributions

Compliance

- Supports compliance with ISM, STCW, ILO/MLC 2006, TMSA, SubM, TSMS, RCP and Port and Flag state regulations

- Supports ILO-MLC and union contract payment and reporting requirements, as well as ILO-MLC crew rest/work hours tracking and reporting
